

LAKSHMI METAL EXCHANGES PVT LTD

c o m p a n y p r o f i l e

A step towards greener planet...

**Manufacture of copper Wire and
Aluminium Alloy Ingot**

What we are

Lakshmi Metal Exchanges came into being from the founder Alagendran. The foundation of the copper and aluminum complex at Coimbatore in the state of Tamil Nadu marked the beginning of the historic journey. From being an Importer, supplier, distributor, and now a manufacturer. Today, a transformational journey from a single unit in Coimbatore to a global metals major, with remarkable growth in revenues in the last 15 years. We promise to deliver you materials at a very competitive price without compromising on quality.

Our mission

When responsibly managed, mining avoids harming the environment. Reusing copper lessens energy use and environmental impact. Recycling aluminum and copper is far more energy-efficient compared to mining new metals, making it cost-effective and eco-friendly.

Our Vision

A step towards a **greener** planet.....

Every step we move forward will make the planet safer and more secure for the next generation.

- ❑ Extremely reliable range of products
- ❑ Highly experienced team and professionals
- ❑ Strict quality standards
- ❑ Timely delivery
- ❑ Strong Vendor base
- ❑ Wide distribution network
- ❑ CSR Corporate Social responsibility

Our Products (Automobile & EV sector)

Our Range of Products

Copper Enamel Wire, Poly Propylene Copper, Flat Cables, and V-rod

We provide various sizes of enamel wire **ranging from 19 swg to 31 Poly wrap copper wire** based on customer specifications ranging from **0.5 to 1.6 MM Dia.** Also, we can supply v-rod based on the customer's specific demand.

Aluminum Alloy Ingots

We provide qualitative client requirements, which are highly acclaimed by the clients for their Ex-Aluminum alloy Ingots (**ADC12, AC4B, AC2B, LM6, LM24, LM25, A356, AC4CH**) for excellent yield and quality.

Copper Scraps

Leveraging on our expertise, we offer our clients a comprehensive variety of industrial copper wire scratch copper punching, and plate-cutting scraps for industrial applications.

Raw Materials for Foundry

Aluminium

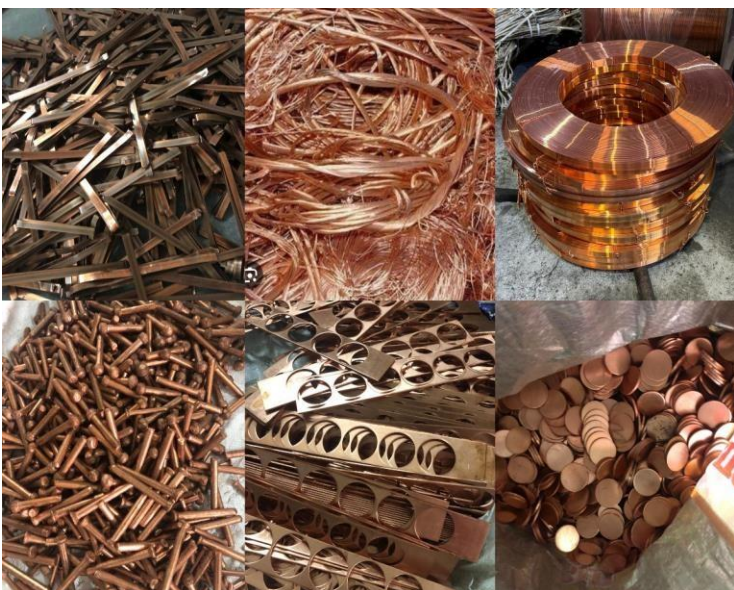

Tense

Alloy Wheels - Troma

Extrusion - Tread

Aluminium Wire - Talon

Best Sorted Material as per ISRI norms

Copper

Copper scrap – Grade A

Copper strip & Rivets

Copper Rivets

→ Cand → Millbury → Birch

Infrastructure

TESTING EQUIPMENT

- Springs Tester
- Elongation Tester-(Motorised)
- Twister for BDV
- Spectrometer
- High Voltage Break Down Tester-15KV.
- Pin Hole Tester-3KV-DC.
- Cut Through Tester
- Heat Shock Oven
- Micro Ohm Meter
- Pin Set
- Vacuum Testing and K-Mould

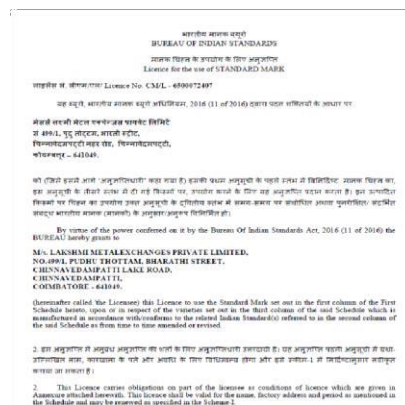

Our Service & Certifications

The Industries We Serve

- I. Foundry Casting
- II. Aluminum Die Casting
- III. Electric vehicle
- IV. Windmill Projects
- V. Motor Pump Industries
- VI. Automobile Industry Sector

- Pollution
- MSME
- Start-Up
- BL
- ISO
